The Hope Quilt

*A Project of
Hope For Healing.Org*

The mission of Hope for Healing.org is to offer information, help & Christian support to survivors of sexual & domestic violence & to educate & give hope to the people who love them.

Participation

All effected by sexual and domestic violence may create a square or block for the quilt.

Over 150 people have participated so far!

Although still in its infancy, looking at the quilt is a moving, humbling, experience.
